

COVID-19 SAFE PLAN

Continuity management phase of the COVID-19 pandemic

AS COVID-19 RESTRICTIONS ARE GRADUALLY
RELAXED SERVICES MUST CONTINUE TO WORK
TOGETHER WITH STAFF TO ADAPT AND
PROMOTE SAFE WORK PRACTICES, CONSISTENT
WITH ADVICE FROM HEALTH AUTHORITIES TO
ENSURE A COVID-SAFE WORKPLACE WITH
EXEMPLARY HYGIENE MEASURES TO ENSURE
THE HEALTH AND SAFETY OF ALL STAFF.

ADDITIONALLY, THE SERVICE MUST BE FOR THE
POSSIBILITY OF FURHTER CASES OF COVID-19 IN
THE WORKPLACE AND BE ABLE TO RESPOND
IMMEDIATLEY, APPROPRIATELY,
EFFICIENTLY, AND CONSISTENTLY WITH ADVICE
FROM HEALTH AUTHORITIES AND THE
REGULATORY AUTHORITY.

Version 4 reviewed: Feb 2022

RISK ASSESSMENT

Since the COVID-19 pandemic began in March 2020, our service has undertaken thorough risk assessments in consultation with staff members and identified possible risks and hazards to our learning environment and practices. With the significant increase in transmission of the Omicron variant of COVID-19, our COVIDSafe Plan has been amended to adhere to government requirements to ensure the safety of children and staff. Given the continued changes in managing COVID-19 in early education and care services, we will continue to review control measures and address risks identified regularly based on recommendations provided by our regulatory authority and state health department. We continue to keep all staff and families informed on the changing risks at our workplace and the control measures being implemented to minimise these risks.

Our Covid Safe Plan can change at any time and will always align with the latest and most recent comms from DET.

Our COVID Safe Plan will also work in conjunction with Y Whittlesea's COVID Safe Plan and Victoria's Back-to-School and Early Childhood Education and Care Plan

STAFF PRE-SCREENING

- Staff will have their health monitored through administering temperature checks upon arrival at Service
- If a staff member registers a temperature above 38°C they are not able to remain in the workplace
- If a staff member is feeling unwell they are not permitted to attend work.

STAFF ARRIVAL AND ON-SHIFT PROTOCOLS

- Staff travelling to work
- travelling in their own car is preferable
- requested to avoid stopping at shops/petrol station on way to work
- If using public transport, adhere to social distancing measures at all times and staff are encouraged to bring their work clothes and shoes in a separate bag to change into upon arrival at the service
- Car-pooling is not encouraged to maintain social distancing requirements
- It's recommended to wash uniform/clothes each day
- Must maintain strict personal hygiene measures- hand washing, showering, physical distancing from others in public
- Must wash hands thoroughly upon arrival at Service with soap and water or use the sanitisation stations provided upon entry to the service
- Rosters are staggered for start, finish and break times to reduce number of adults gathered together
- Staff are reminded to avoid touching their mouth, nose and eyes
- Staff to bring as little objects as possible into workspace (backpacks, handbags, lunch boxes)
- Clean and disinfect objects that are touched often- mobile phones, keys, wallets, work passes
- Use alcohol-based hand sanitisers if soap and water are not available
- Limit adult groupings/interactions where possible- maintain social distancing requirements on breaks – staff are encouraged to take breaks outside where feasible and not all gather in staff room. Staff are asked to wear their masks in the staff room when not eating or drinking.
- As so far as reasonably practicable, ensure staff maintain a physical distance of 1.5 metres between each adult in the service
- Observe restriction of educators allowed in common areas eg: staffroom
- Staff are to wear masks throughout the day when they are in areas of the building other than rooms educating children
- All staff must wear a mask whilst answering the door to families during pick up and drop off

ECEC worker vaccination requirements

- As part of the COVID-19 vaccination roll-out, all ECEC staff and all children / students aged 5 and over are eligible to receive a COVID-19 vaccine.

- Vaccination is not mandatory for children, but vaccinations are strongly encouraged as the best way to protect individuals, families and ECEC and school communities from further outbreaks and the spread of COVID-19.
- Information about vaccines and eligibility can be found on the coronavirus.vic.gov.au website.
- ECEC staff will be added to the list of workers in key sectors who must receive a third dose of a COVID-19 vaccine by 25 February 2022 if they are already eligible, or within 3 months and 2 weeks of receiving a second dose, to continue working in education settings.
- Providers are encouraged to support all staff to access the required third-dose vaccine by offering flexibility to attend appointments (for example, by providing leave). If you have a staff member who is hesitant about their third dose, encourage them to speak to their GP or a pharmacist.
- For more information, including how to book and information about walk-in vaccination sites, refer to [COVID-19 vaccine third dose](#).
- The following vaccination requirements will be updated at the time the COVID-19 Mandatory Vaccination (Specified Facilities) Order is approved to reflect that education workers will be added to the list of workers in key sectors who must receive a third dose of a COVID-19 vaccine.
- All staff have received two doses of the COVID-19 vaccination. This includes all staff working on site, volunteers, contractors, maintenance staff, cleaners and all other workers. (Staff members who are unable to obtain a medical contraindication certificate from their general practitioner are not able to attend the early childhood educational setting)
- The Approved Provider (Y Whittlesea) will keep accurate and up to date records of COVID-19 vaccinations (including mandated booster vaccinations) for all staff. Evidence of vaccination status will be required
- If a staff member is feeling unwell and is displaying any of the symptoms of COVID-19 they should get tested and not attend the ECEC service. They should receive a negative COVID-19 test and be symptom-free before returning to the service. [Tests include RAT or PCR]

Y Whittlesea shall abide by and adhere to the COVIDSAFE early childhood education Care Plan. The recent January 2022 changes that Y Whittlesea shall now implement are:

- Introduction of voluntary twice weekly rapid antigen testing for all ECEC staff – this is not mandatory but strongly recommended and Y Whittlesea will implement this testing at all early learning facilities. Services are not required to seek or record the result of staff rapid antigen tests, but any staff member who tests positive must tell their employer, isolate for 7 days and report their result to the Department of Health via the COVID-19 Positive Rapid Antigen Test Self-Reporting Form [online](#) or call centre on [1800 675 398](tel:1800675398). A negative test is not required to return to the service following completion of 7 days of isolation.
- Streamlined contact management and changing of contact tracing
- Required third dose vaccination requirements for education workers to be on-site

- Follow the clear guidance for services to manage staffing and enrolments and to remain open through waivers, funding by exception and prioritisation of on-site attendance, if required.
- Continued COVID-19 service impact reporting through NQAITS and required approvals for funded sessional services to close or reduce service for three days or more.

PARENT PRE-SCREENING AND EDUCATOR INTERACTIONS WITH FAMILIES AND ANY AUTHORISED PERSON WHO PICKS CHILD UP

- Parents / authorised people are required to let the service know if they have -
- Returned from a state or territory where self-isolation border measures are in place
- Been in close contact with a person who has a confirmed case of COVID-19 or has been directed to self-isolate
- Families /authorised persons are not permitted to enter the service unless this is prearranged with the Approved Provider. This can change dependant on recent government and DET advice and all families are updated with any changes to the operations of the service.
- All parents or authorised persons picking up and dropping off children must wear a mask during this process, any child over the age of 12 accompanying the adult in pick up and drop off must wear a mask
- Provider/Nominated Supervisor (e.g. collection of a sick child; interview for enrolment)
- Staff family end of day interactions to be limited. The service shall use Story Park as their main platform of communications to families.
- Parents/carers and other family members are mandated to check-in using the QR code provided [enter information for your state/territory]
- Social distancing between adults will be maintained wherever possible
- Staggered drop off /pick up times are enforced where feasible for sites.
- Foyers are rearranged where possible to encourage families to achieve the maximum space per adult
- Signage clearly indicates drop off and pick up procedures for children- parents not entering foyer/ building; no long communication/interaction with families or other adults (refer families to alternative methods of communication- mobile phone, software platform app, email)
- Consideration is given to families for whom English is their second language and written information translated
- Consideration is made to avoid families queuing in car park and causing traffic congestion
- Markings indicate 1.5m physical distancing requirement between families to avoid clusters of adults together

- Staff members rostered to greet families as Family Concierge to complete drop off / pick up requirements
- If families require additional assistance with multiple children, other staff members may be required to assist
- End of the day communication with families is minimised. Other methods of communication with families should be used- communication books, phone messages, emails, or Story Park.
- If families require face to face communication, ensure physical distancing measures are implemented and limit the time of the interaction/discussion where possible

CHILDREN PRE-SCREENING

- Staff members use thermometer to test child's temperature upon entering the service – any change to this process will always be communicated to families
- Families may choose to bring in their own thermometer for personal hygiene reasons if preferred
- Thermometers must be cleaned with disinfectant wipes after each use
- A child with a temperature higher than 38°C will not be permitted entry to care where this is related to an illness
- If a child's temperature is over 38°C the nominated supervisor will meet to discuss with the family whether the child has been ill overnight and look for signs and symptoms that indicate they are not well. (A child who has been recently active, teething or unsettled, may have a higher-than-normal temperature reading but are not in fact unwell.)
- It is now recommended that families use a RAT test twice a week for children aged 3-5 who are in care or attending an early years' service.

VISITOR / TRADESMAN ARRIVAL PROTOCOLS

- The Services shall follow the recent guidelines from DET at the time to see whether any outsiders may enter the licensed premise: visitors to the Service reduced to an absolute minimum- if a visitor enters the building they are asked have they been unwell, have they been in contact with anyone that has been tested for COVID 19 recently. Visitors must sanitise their hands and sign in visitor's log.
- Visitors to the Service have been reduced to an absolute minimum
- All visitors to the Service must check-in using the QR code
- Any visitor to the early learning centres that enter the premise are fully vaccinated (ensure you ask to see this) and follow DEDT and government guidelines
- Volunteers and incursions have been cancelled or postponed at this current time until further notice
- Electronic paperwork/ e-invoicing used where possible

- Alcohol-based hand sanitiser used before and after receiving any packages/deliveries
- Contractors who require entry to the service adhere to hygiene procedures
- Clear guidelines provided to contractors when visiting the service regarding physical distancing, hygiene protocols and child protection protocols
- Any visitor /contractor that was allowed to come to the service would need to adhere to wearing a mask during their time at the service
- This is determined on current DET guidelines: volunteers and incursions cancelled or postponed when required to
- Handwashing facilities are provided to contractors to ensure they wash their hands thoroughly upon arrival, wipe any equipment with disinfectant wipes

EXCLUSION GUIDELINES

Any staff member, child or visitor to the service who presents with any of the following, will be excluded from the service. Any person who:

- has a temperature/fever
- presents as 'unwell' –unexplained or persistent cough, drowsy or unresponsive, shortness of breath, respiratory illness, runny nose, suffering with diarrhea or vomiting, has a persistent headache
- is identified as a 'household contact' of a confirmed case of COVID-19 and develops symptoms or tests positive on a RAT (exemption no longer applies- see below Staff test positive)

MANAGEMENT OF UNWELL STAFF MEMBER OR CHILD

- Any person who tests positive to COVID-19 must inform their workplace/employer, school and early childcare facility and any other social contact they have spent time with from the 2 days they started having symptoms or 2 days before they tested positive. COVID-19 can be confirmed by a positive Rapid Antigen Test (RAT) or a polymerase chain reaction (PCR) test
- The person who tests positive must immediately isolate for seven (7) days. Positive cases can only leave self-isolation after a minimum of 7 days and if they are asymptomatic. A medical clearance or negative RAT test is not required for our service. ·The Approved Provider or nominated supervisor must submit a notification through the National Quality Agenda IT System (NQA ITS) as soon as they become aware of the positive case.

- Any child or staff member that tests positive to COVID 19 or is identified as a workplace or household close contact must lodge a COVID 19 incident via Y-MAC as soon as you are made aware.
- The Approved Provider or nominated supervisor will determine infectious period of positive case (48 hours prior to positive COVID test or from onset of symptoms, whichever is earlier) to determine possible contacts
- The Approved Provider or nominated supervisor will determine staff, children, visitors who were in attendance with the case during their infectious period
- Notification will be made to these contacts (parents, staff, visitors) through a risk of COVID letter and provide other information about self-isolation, Rapid Antigen Testing and symptoms of COVID-19 · testing and isolation are no longer mandatory in ECEC settings COVID-19 Test and Isolate National Protocols however staff and children who are considered as 'high risk' are advised to isolate for 7 days · the service will be cleaned thoroughly and all areas which may have been contaminated are disinfected.
- If any of our services are required to close for operational reasons (e.g., unable to meet regulatory obligations under National Law), the Regulatory Authority will be contacted for advice and support. Families will be notified as soon as possible.
- The Department of Education, Skills and Employment (DESE) will be notified of any closure via our third-party software or the Provider Entry Point
- Our service will only share identity information with the PHU as per our privacy obligations under the Privacy Act and in accordance with our Privacy and Confidentiality Policy.

STAFF MEMBER- CLOSE CONTACT EXEMPTION

- Staff in education and early childhood education are considered essential workers. Close contacts are therefore exempt to leave self-isolation and attend work if they have no COVID-19 symptoms under the Public Health (Self Isolation) Order (No 4) 2021. The Approved Provider will consider controls based on a local risk assessment of the workplace to ensure the safety of staff and children. This is a voluntary and mutually agreed arrangement.
- The close contact must receive an initial negative COVID-19 test and be tested daily using a rapid antigen test (RAT) for the remainder of the 7-day isolation period following the date of last exposure
- Control measures for staff may include:
 - o Providing RAT test and face masks (preferably a P2/N95 mask or equivalent) to the staff member
 - o ensuring staff members notify the service of all COVID-19 test results
 - o staff member must immediately self-isolate if they receive a non-negative RAT
 - o exempt workers must not share break/tea room areas
 - o staff member will only work where the area is well ventilated or outside
 - o the exempt person must take the most practical direct route to and from the workplace
 - o when not at work the exempt person must comply with the self-isolation requirement

HYGIENE AND PREVENTATIVE PRACTICES

- All staff complete [COVID19 infection control training](#)
- All staff complete and acknowledge their Covid Safe Workplace Commitment Disclaimer on Y-MAC
- The number of visitors entering the service has been limited (controlled) when instructed to
- Anyone who is sick may not enter the service
- If a child or staff member becomes ill whilst at the service, they will be sent home as soon as possible (As a precaution, they will be separated from other children whilst waiting to be collected to help prevent the spread of a virus)
- We have enhanced hygiene practices for all staff, children and visitors - washing hands with soap and water or using alcohol-based hand sanitiser
- Staff are required wherever possible to bring in their own crockery and cutlery to work. If utilising the workplace provided equipment they must be thoroughly washed or if possible placed into dishwashers.
- Health and hygiene signs and posters are displayed to remind all staff and visitors of the measures necessary to help stop the spread of the virus- hand washing, cough and sneeze etiquette
- Tissues are disposed of in closed bins and followed by washing hands
- All staff are reminded to avoid touching their face, eyes, nose and mouth
- Promotion of the annual influenza vaccination for staff, children and their families
- Facilitation of robust infection control and cleaning
- Reminders to refrain from intentional physical contact- shaking hands, kissing on cheeks, hugging
- The service has adequate Personal Protective Equipment (PPE) and additional hygiene supplies including:
 - soap
 - hand sanitiser
 - toilet paper
 - paper hand towel
 - tissues
 - disposable gloves
 - *masks (if required)
 - thermometers
 - rubbish bins with lids/bin liners

- disinfectant wipes
- cleaning detergent/ disinfectant/ cloths
- *when required staff must wear face masks/coverings when not working directly with children and must follow the [safe work procedure on how to fit a mask](#).

Handwashing

- We implement strict hand washing procedures for all staff, children and visitors
- All staff have read and acknowledge understanding of the Health and Hygiene Policy
- Hand sanitiser stations are provided at front entry of the service and in locations around the workplace
- Bathrooms are well stocked with soap, hand wash and paper towel
- Posters with clear instructions on how to wash hands and/or use hand sanitiser are displayed
- Cough/sneeze etiquette
- Posters demonstrating correct techniques for coughing/sneezing into a flexed elbow are displayed
- Staff model correct procedures to children
- Attempts by children are positively reinforced
- Reminders to wash hands after sneeze, blowing/wiping nose is displayed
- Reminders to dispose of used tissues in the bins provided are displayed

Physical distancing

- Where possible, we remain conscious of physical distancing requirements in each enclosed space and limit the number of adults in a space at any one time
- Staff are reminded to maintain a physical distance of 1.5 metres between other adults
- Where possible, staff are requested to use other methods of communication with colleagues rather than congregate together
- Workstations, desks and tables are spread out
- Changes have been made to the workplace layout to allow staff and children to enter and exit rooms minimising risk to their health and safety
- Staff will comply to physical distancing requirements when
 - eating lunch
 - discussing children's development
 - gathering resources
 - cleaning
- Children do not have to be counted in implementing physical distancing measures in an Early Childhood Education and Care service. However, it is best practice to limit the size of groups

and interactions to assist staff implement physical distancing measures. (Safe Work Australia May 2020)

Considerations include:

- Stagger play times for children
- Organise small groups for indoor and outdoor learning program
- Utilise the outdoor area as much as possible
- Rearrange resources in rooms to provide a larger range of small group activities- books in several locations rather than one bookshelf; several stations for paint, playdough, craft
- Limit number of chairs at a table
- Set up activities at the end of tables
- Limit number of adults sitting at tables with children during mealtimes
- Maximise the space between children at mealtimes
- Consider offering several mealtimes sittings to avoid all children requiring seating at one time
- Clean tables and chairs thoroughly between each sitting
- Ensure highchairs, cots and bedding are spaced well apart to allow for physical distancing requirements to be managed by staff

Food handling and preparation

- Staff have relevant and appropriate training to support safe hygiene practices
- Staff maintain physical distancing requirements in food preparation areas
- The kitchen area is only accessed by specific staff during hours of operation
- Effective hygiene procedures are increased including-
 - regular handwashing when preparing foods, after going to the bathroom and after touching face or hair
 - cleaning and sanitising food preparation areas and equipment
 - sanitising all eating and drinking utensils and food contact surfaces
 - current practices are used regarding provision of reusable utensils
 - disposable gloves are used when handling food

Cleaning and disinfecting procedures

- A combination of cleaning and disinfection is used on a daily basis
- Surfaces are cleaned with detergent and water before disinfecting

- Adherence to National Health and Medical Research Council (HMRC) childcare cleaning guidelines
- High touch surfaces are cleaned and disinfected at least twice daily or more frequently if required (door handles, light switches, tables, chairs, iPads, tablets, keyboards, touch screens, nappy change tables, puzzles)
- Wash and launder toys using the warmest appropriate water setting and dry items completely
- Maintain a cleaning register of all surfaces and equipment
- Toys that are mouthed by infants cleaned and disinfected before other infants have access to the toy
- Cleaning contractors instructed to hygienically clean the service to ensure risk of contamination is removed as per [Environmental Cleaning and Disinfection Principles for COVID-19](#)
- Staff wear appropriate personal protective equipment (PPE) for cleaning as a precaution
- Hands washed with soap and water before and after wearing protective equipment

Washroom facilities

- All washrooms for staff and children have adequate supplies of soap, liquid handwash, paper towels and warm running water
- Effective personal hygiene practices are reinforced through posters and fact sheets in prominent positions in the service
- Staff model correct handwashing procedures with children
- The number of children and adults using washroom facilities is limited at any one time
- Situations where children are required to queue to use bathroom or wash their hands are avoided
- All facilities are cleaned and disinfected effectively
- Bins with lids operated by foot pedals are easily accessed in washrooms

PHYSICAL SPACE REQUIREMENTS

Indoor and outdoor environments

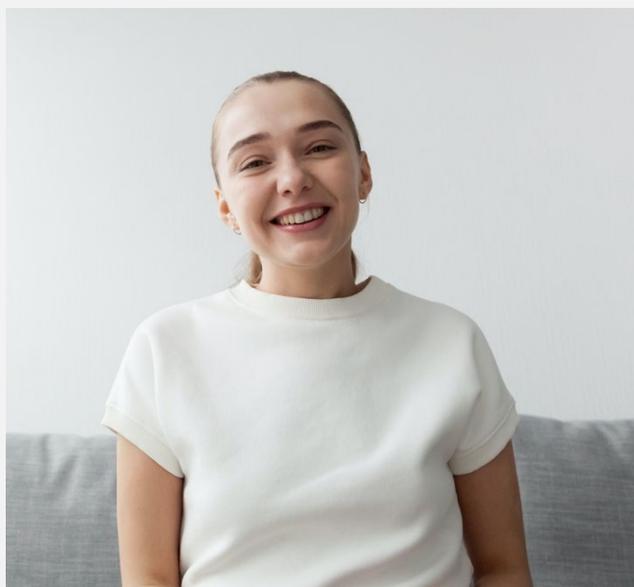

- Where possible, children are separated into smaller groups than normal throughout the service to promote physical distancing for adults
- Ventilation within the service is increased by opening windows and doors when weather permits
- A reduction in cross over of educators is controlled where possible
- Where possible, children are seated at opposite ends of a table when playing and eating

- Use small tables spaced apart rather than groups of tables positioned together for activities and eating
- Considerations during transitions between learning experiences - washing hands, collecting hats, drink bottles, resources, using the bathroom- how can these be managed to reduce queuing and the need for several adults to supervise
- Where practical consider moving some table activities outside
- Option - set up duplicate activities at tables to provide more space between children and adults
- Rotation of groups for indoor and outdoor play environments ensuring educator to child ratios are maintained
- Consideration given to limiting numbers of children accessing particular equipment to ensure adequate supervision and adhering to physical distancing for adults as much as possible e.g.: sandpit, climbing equipment
- All outdoor equipment is regularly cleaned and disinfected

FAMILY ENGAGEMENT AND COMMUNICATION

- Positive interactions and relationships with children and their families are maintained
- We provide reliable sources of information to share with families during this pandemic including updates and guidance from our health department- Early childhood education and care (ECEC) COVID-19 guidance for families
- We use trusted sources of information only
- We use a range of communication methods to ensure all families receive and understand key messages- emails, phone calls, newsletter, digital platform, personal notes, your service's website or Facebook page
- Signage around the service for parents and families has been increased providing directions, procedures, and reassurance
- Communications to families to provide information about their child that would normally be done at the end of each day face to face has been increased
- Where feasible on sites displays are positioned at the front foyer area to ensure families who are no longer entering the service can be informed about the fun that has happened in the service that day- include artworks, books that have been read and other information · families are kept informed about CCS, payment of fees, gap-fee waiving and allowable absences
- We remain consciously aware of families and children who may be more vulnerable or at risk due to the COVID-19 environment- see National Office for Child Safety, eSafety Commissioner, Kids Helpline
- We continue to maintain positive relationships with all families to encourage participation with our service

CONTINUITY OF EDUCATORS

Our priority remains the health, safety and wellbeing of children in our care. We will continue to provide adequate supervision, educator-to-child ratios and early childhood teacher requirements.

Have conducted a thorough risk assessment and implemented control measures to reduce transmission of the virus in our service

- Provide staff with access to RATs and face masks

- Maintain open communication with staff about continuity of employment

- Where possible, maintain similar rosters and placement of educators in particular rooms to provide continuity of care for children

- ensure staffing rosters meet or exceed educator to child ratios.

COMMUNICATION AND CONSULTATION WITH STAFF

- We provide updated information about the management of COVID-19 in ECEC settings sourced from our Regulatory Authority
- Clearly discuss exemption guidelines for staff who are close contacts of COVID positive case
- Consult with staff on health and safety matters relating to COVID-19 on a regular basis by revisiting our risk assessment
- Discuss the current control measures in place to eliminate or minimise the risk of exposure and review as required
- Routinely communicate and consult with all staff about any modifications or updates to current policies or procedures that are in place to account for the pandemic conditions – (COVID-19 Safe Management Plan, Arrival and Departure Policy, Health and Safety Policy, Control of Infectious Diseases Policy, Sick Child Policy, Hand Washing Policy)
- Assessment of the adequacy of resources/facilities in the workplace for the welfare of all staff is routinely applied

- We maintain regular consultation with staff about current work, health and safety measures implemented and any changes or additions that may need to be made to ensure the safety for all staff
- Consideration is given as to the use of PPE in situations where staff members are in close contact for longer than the recommended time (i.e. more than 15 minutes face to face cumulative over the course of a week or more than 2 hours in a shared closed space)
- If required, we consult with staff about changes to work rosters, meet and greet roles, staff meetings, training, assessment and rating
- Limitations are placed on non-essential meetings, gatherings or training
- Non -face-to-face methods of communication is used when practical - emails, Zoom, or Teams

STAFF WELLBEING

- A conscious effort to maintain strong and supportive relationships with all staff members is made (including staff on leave)
- Up to date information from reliable sources is provided. Including:
 - access to Rapid Antigen Tests (RAT)s for staff
 - information about the Pandemic Leave Disaster Payment for those staff members who need to isolate due to COVID-19 as they have coronavirus, are a close contact or are caring for someone who has COVID-19
 - employment support packages through Department of Education, Skills and Employment (DESE)
 - Safe Work Australia recommendations for Work Health and Safety
 - Department of Health- Australian Health Protection Principal Committee (AHPPC)
 - Support agencies including counselling services (Beyond Blue, Head Space)
- Sensitivity and empathy to the feelings of individual staff members is paramount, in particular staff who may be concerned about returning to the workplace
- We offer opportunities for discussions about the support that is available such as Beyond Blue to help cope with trauma and anxiety or through the Employee Assistance Program (EAP) provider our business is associated with.
- Constant reassurance is provided to staff indicating that we are always working to eliminate or minimise risks to their health and safety in the workplace to help ease their concerns
- We foster wellbeing initiatives as suggested by staff members and professionals within the Early Childhood Education and Care Sector (Mindfulness, Yoga, dance, music)
- All staff take required breaks during the day
- Opportunities are provided to staff to engage in online professional development courses and workshops
- Allocated time is set aside for programming, mentoring sessions and capacity building

STAFF RETURNING TO WORK

- Staff returning to work following a positive case of COVID-19 must only return after completing at least 7 days isolation and asymptomatic (some state/territories will require evidence of a negative RAT test before returning to the service)
- The Approved Provider will meet with staff members returning to work to cooperatively plan for transition back to work from leave- long service, sick leave, or other leave entitlements
- Discussions may include possible changes that have been implemented to keep the workplace safe, healthy and reduced risks of spreading COVID-19
- Staff will be required to revise any policies and procedures that have been amended due to COVID-19 such as
 - Health and Safety Policy, Arrival and Departure Policy, Hand Washing Policy, Sick Child Policy
- Staff protocols will apply (COVID-19 vaccinations/booster vaccination where applicable)

STAFF TRAINING

- Options for the delivery of refresher training for First Aid and CPR through the Australian Skills Quality Authority as recommended by ACECQA is made available
- Option - consider completing theoretical aspects of training by individual staff members online
- The range of interactive and online courses offered through professional learning providers is consistently investigated (webinars, e-learning modules)
- Option - consider offering professional learning time for staff to complete modules at home

VULNERABLE STAFF MEMBERS AND CHILDREN

- Children and staff members with compromised immunity or complex health care needs are identified
- We request staff members with underlying health conditions to seek medical advice from their health practitioner regarding additional measures required to protect themselves whilst at work (PPE, additional handwashing, less contact with infants or younger children requiring nappy changing)
- Staff who are more vulnerable to COVID-19 may include:
 - Aboriginal and Torres Strait Islander peoples aged 50 years and older with one or more chronic medical condition
 - people aged 65 years and older with chronic medical conditions

- people with compromised immune systems
- Families have been requested to update their child's medical management, risk minimisation and communication plans in consultation with their child's health practitioner- including Asthma Management Plans
- All staff and children are encouraged to have the annual influenza vaccine if there are no contraindications to do so. (this is not a requirement under a Public Health Order, just a recommendation from the AHPPC)
